MOHMMAD MAZID

MERN Stack Developer - Full Stack Developer(Apna College)

+91 8800909295   https://github.com/MohmmadMazid   https://www.linkedin.com/in/mohmmad-mazid-mansury5500

SUMMARY

I'm a final-year MCA student and MERN & Next.js developer skilled in JavaScript, React.js, Next.js, Node.js, Express.js, and MongoDB, with additional knowledge of MySQL and C++ for problem-solving. I enjoy building responsive, high-performance web applications and continuously improving my skills. I'm eager to contribute to a team where I can grow, collaborate, and create meaningful digital solutions.

SKILLS

Client-Side: HTML, CSS, JavaScript, React.js, Next.js, Redux & Redux Toolkit, Tailwind CSS, Bootstrap, DaisyUI

Server-Side: Node.js, Express.js, EJS, MongoDB, MySQL, JWT, Passport.js, Multer, Cloudinary

Tools: Git, Postman, Hoppscotch, VS Code

PROJECTS

Blogify
Noida, India
12/2024 - 02/2025

https://blogify-project-11hg.onrender.com/user/home
- Built a full-stack blog platform using HTML, CSS, JavaScript, Bootstrap, Node.js, Express.js, EJS, and MongoDB.
- Implemented secure user authentication and authorization with Passport.js and passport-local.
- Deployed the blog platform to a cloud hosting service(render)

Wanderlust
Noida, India
10/2024 - 12/2024

https://wanderlust-3mt3.onrender.com/login
- Using HTML, CSS, JavaScript, Express.js, EJS, and MongoDB, developed a major replica of the Airbnb platform, enabling functionalities such as creating, deleting, and updating listings, submitting reviews on others' listings, and checking reviews on your own listings.
- Review deletion functionality is also included.
- Implemented secure user authentication with Passport.js and passport-local.
- Hosted the application on Render.
- Authentication and authorization have been implemented for secure user access.

Chat App (Dot Chat)
Noida, India
10/2025 - 2025

https://github.com/MohmmadMazid/MERN_Chat_App
- Built a full-stack chat application using React.js, Redux Toolkit,createAsyncThunk , Tailwind CSS, and DaisyUI, delivering real-time messaging and a fully responsive UI.
- Designed and implemented the backend using Node.js and Express.js with an MVC architecture for clean, scalable development.
- Integrated JWT-based authentication and authorization to ensure secure and protected user access.

Portfolio
Noida, India
2025 - 2025

https://mohmmadmazid.netlify.app/
- Created a fully responsive personal portfolio website using HTML, CSS, JavaScript, React.js, and Tailwind CSS, featuring sections for Home, About, Services, and Contact.
- Integrated a downloadable resume link for recruiters to easily access my CV.
- Deployed on Netlify
